ZAMIS TO RETAIN
DOPEYER POSITION
 King Constantine, It Is Declared, Will Dissolve the Chamber of Deputies.

GRECIAN RULER FIRM
FOR ARMED NEUTRALITY

Meeting of New Legislative Body
Can Be Deferred Until
Next February.

LONDON, November 6.—Any hope which the entente allies may have entertained that the friendly neutrality of Greece might be converted into something more positive in their favor seems to have been dissipated by the latest news from Athens. It is reported Premier Zaimis has consented to reconstruct the cabinet and that the chamber of deputies will be dissolved.

Paris hears that the resignation of the Zaimis cabinet has been definitely accepted by the King. It is possible that this reported acceptance is preliminary to the reconstruction of the cabinet under M. Zaimis.

Advices received in Rome say that King Constantine is seeking to form a coalition cabinet favorable to a continuance of armed neutrality.

Confers With Ministers.
 King Constantine has been conferring with the cabinet ministers on the situation, and it seems certain that he is determined to dissolve parliament, although Premier Zaimis does not agree with the king regarding dissolution, says a dispatch from Athens.

The king has shown his approval of the attitude of Gen. Yanakitsas, the minister of war, by appointing him chief of staff, which is highly displeasing to the supporters of former Premier Venizelos, as it is taken as an attempt to lessen their leader's prestige.

Cabinet to Be Retained.

ATHENS, November 6.—Parliament will be dissolved by King Constantine, and M. Zaimis probably will reconvene his determination not to retain the office of prime minister in the interval which must elapse before a general election can be called, according to opinions expressed in authoritative quarters here. It is expected that all but two of the ministers in the Zaimis cabinet will retain their portfolios.

Soldiers May Not Be Able to Vote.

BERLIN, via London, November 6.—The Lokai Anzeiger, reproducing the views in "well informed Greek circles here," and evidently referring to the Greek embassy, states it is regarded as impossible that the Greek crisis will be solved by the recall of former Premier Venizelos. It is most probable, the newspaper adds, that the chamber will be dissolved and that M. Zaimis will retain the premiership until after an election and a meeting of a new cabinet, which can be deferred constitutionally until the middle of February. The newspaper adds that the fact the army is now mobilized and the soldiers are under arms and therefore unable to vote, complicates the situation.

STANLEY'S MARGIN, 671,
IN KENTUCKY CONTEST

Official Returns Now Are in From
116 of the 120
Counties.

LOUISVILLE, Ky., November 6.—Four days after the ballots were cast former Representative Augustus O. Stanley of Henderson, democrat, was leading his republican opponent, Edwin P. Morrow of Somerset, by the small margin of 671 votes in the contest for Governor of Kentucky. Official returns from 116 counties of 120 in the state, together with unofficial but apparently reliable returns from the remaining four counties gave him this majority.

Vote in Three Small Counties.

In three of the counties as yet unheard from officially—McCracken, Davies and Laurel—the number of votes in dispute are not sufficient to wipe out Mr. Stanley's lead. The official count in Jefferson county, where the republicans claim 400 votes more than the unofficial count shows they polled, will be completed tonight. The republicans concede Mr. Stanley a majority of 3,868 votes there against an unofficial majority of 4,214.

Mr. Stanley, chairman of the republican state campaign committee, steadfastly holds to his claim of victory for Mr. Morrow. Mr. Calvin would not give out any figures, but stated that the republican candidate was maintaining a slight lead.

Small But Steady Gains.
 As the official returns were tabulated last night Mr. Stanley steadily gained in amount over the vote that had been conceded him by his republican opponents. The heaviest setback of the day for the republicans was for the vote of Floyd county, where a discrepancy of 548 votes was found. The official count showed a majority of 395 for the democratic candidate, while the republican claims had been 153 for Mr. Morrow.

In tabulating the official returns little attention has been paid to the vote of other nominees on the two state tickets, though in most cases the vote of all state nominees has shown but slight variation.

MR. BRYAN HAS NO PLANS
FOR OPPOSING PRESIDENT

Merely Asserts Individual Opinion
on the Proposed National De-
fense Program.

William Jennings Bryan, former Secretary of State, today gave out for publication the following statement in answer to the question: "What plans have you made for opposing the President's program?"

"I have no plans formulated. I am doing what I believe it the duty of every citizen to do. How can the President know what the people think unless individuals express themselves? Those who approve of his plan do not hesitate to express themselves. Why should those who disapprove be silent? The editors of metropolitan newspapers express their opinion in the columns of the special interests. Do not hesitate to express an opinion as to what the country needs. Why should a country editor like myself be denied the privilege of expressing an opinion on the issue? And why should a democrat's friendship for the President differ from his opinion on the issue? It is regarded as impossible that the Greek crisis will be solved by the recall of former Premier Venizelos. It is most probable, the newspaper adds, that the chamber will be dissolved and that M. Enrollment of 8,469 at U. of P.

PHILADELPHIA, November 6.—The registration figures of the University of Pennsylvania, made public here today, show an enrollment in all departments aggregating 8,469, an increase of 1,001 over last year and the largest in the history of the institution. The college department, including arts and science and biology; the Wharton School, the Medical School, dental and veterinary departments, all show gains, while there are slight losses in the Law School and the Towne Scientific School.

Appeal Addressed to All.

"The President's appeal was not to members of his party, but to people of all shades of opinion. When did he become unpatriotic for a citizen to differ from a President? When did it become disloyal for a democrat to differ from a democratic President on an issue which the President declares to be non-partisan. The President said he would ask those who differed from him to express their opinion. He certainly will press their opinion because his request is complied with. A great many people—no one can definitely state the number, but they are quite a multitude—believe that we cannot insure the peace of the world by adopting the very policy which brought Europe into war. They believe that it is more reasonable to assume that peace can be promoted between nations by the same philosophy which promotes peace between individuals and communities.

Present Annual Expenditure.

"We are now spending \$250,000,000 a year for preparedness. A great many think this is enough and are opposed to any increase at present. The burden of proof is on those who say that an increase is necessary, and it will be hard to prove this in view of the President's statement that we are not threatened from any quarter; that our relation with all nations are friendly; that everybody knows of our capacity for defense and that there is no fear among us."

CHOICE OF OFFICERS.

Robert T. Scott Heads Law Class,
1916, at Georgetown University.

Robert T. Scott of Kentucky was elected president of the class of 1916 of the Georgetown University Law School at a meeting held in the Law School building, 15th and E streets northwest, last night. The class will exceed in number any ever graduated from Georgetown. It is said, and is believed to be the largest law class in the United States.

Marjorie J. Calvin, chairman of the class secretary, with the result that Charlton B. Rout was elected, with a total of 84 votes, followed by Franklin Barr, with 63 votes, and R. D. Zapone, with 62 votes.

All the elections last night were hotly contested. It took five ballots to elect

GERMANS REPORTED
BEATEN AT LA COURTINE

Berlin Claims Success North of
Massiges—Five Aero Bat-
tles Fought.

LONDON, November 6.—A fresh German attack against the French position at "La Courtine" has resulted in failure, according to announcement made this afternoon by the French war office.

Concerning the western front, the Berlin war office says that in the Champagne, north of Massiges, the French were ejected by means of hand grenades from a portion of a German trench which they had entered.

The following official communication from Field Marshal Sir John French was made public last night:

"Yesterday five air fights took place, resulting in a German aeroplane being brought down in our line. "Since the 1st of November the weather has been very wet. Mining activity continues on both sides."

Rev. J. Lindsay Patton of Jacksonville, Fla., died suddenly in that city. He was fifty-two years old and a native of Richmond, Va.

RUSSIANS HURLED
BACK OVER STRIPA

Austro-German Forces Take
6,000 Prisoners, Says Ber-
lin Report.

BERLIN, November 6, by Sayville wireless.—The Austro-German forces in Galicia are said by the war office today to have won a further victory over the Russians in the fighting along the Stripa river. The Russians were thrown back to their old positions on the east bank of the river. In the recent fighting there fifty officers and 6,000 Russians have been captured. The army of Gen. von Linsingen captured further Russian positions north-east of Budka. Russian attempts to break through the German lines on the Dvinsk front were futile.

Russ General Punished.

PETROGRAD, November 6.—Absence from the fortress of Kovno during the fighting there, and inadequate preparation for the defense, were charged against Gen. Gregorieff, who was commandant of the fortress when it fell, in the court-martial proceedings at Dvinsk, which resulted in his receiving a sentence of fifteen years at hard labor and the loss of all his rights.

Want Coal Industry Probed.

CHARLESTON, W. Va., November 6.—West Virginia coal operators have asked each of the state's representatives in Congress to start an investigation into what they term an "illegal combination of railroads, coal operators and coal miners of other states to destroy the coal industry of West Virginia." This action follows the announcement by the railroads of an increase in coal freight rates.
